The CHRONICLE tables of stocks and bonds are brought forward to-day-being the last Saturday in March-with numerous correc. tions and additions. A very large number of the most important financial reports appear during the first few months of the year, and hence the revisions and additions in our tables are more numerous and of greater consequence during these months. Since the last publication of these tables extracts from the annual reports of the following prominent companies have been pubished in the CHRONICLE, and are duly indexed in the column of 'remarks" accompanying their several bond statements, viz: The remarks" accompanying their several bond statements, viz.: The to be made in that city April 1, showing total payments of \$2, Pennsylvania Railroad, Erie, N. Y. Central & Hudson, Philadel-432,500 by Boston banks declaring at this time, and \$2,210,439 of phia, Wilmington & Baltimore, Northern Central (of Pa. and Md.), other interest and dividend disbursements.

Marietta & Cincinnati, Chicago, Burlington & Quincy, Philadelphia & Erie, Maine Central, Detroit & Milwaukee, Cleveland & Pittsburgh, Chicago & Alton, Lehigh Coal & Navigation, Schnylkill Navigation Co., and various other companies of less prominence.

nence,

The Boston, Hartford & Erie litigation has terminated in a denial of the injunction, and the trustees now give notice of a moeting to be held, Thursday, April 17, to reorganize the company. In regard to the St. Joseph and Denver City bonds, we are able to add nothing to the remarks made in The Chnonicle of Feb. 22, on page 247. Reports have been current this week that the N.Y. Central and Hudson loan for £2,000,000 sterling had been placed in London, but they are not well authenticated. It has also been stated that the New York, Boston and Montreal Consolidated Company recently sold \$6,250,000 of its bonds in London, and has the prospect of placing the balance of its loan, making in all \$12,500,000. As Messrs. Bischoffsheim have negotiated with the Erie Company for the general mortgage of \$30,000,000, bearing 7 per cent gold interest, they are now taking off this market the old mortgages of the road, which they can pay in on consolidated mortgage account.
